AUTHORIZATION FOR EMERGENCY CONTACT

Assessing and evaluating threats and other emergencies can be more difficult when conducting telepsychology than in traditional in-person therapy. To address this difficulty, it is necessary to have an emergency plan when engaging in telepsychology services. To this end, I ask that you identify an emergency contact person who is near your location and who I will contact in the event of a crisis or emergency.

If you are being treated as a couple, please identify a third party as your emergency contact.

In the event of a crisis or emergency, I/we authorize Dr. Caruso, to contact

_____ to assist in addressing the situation.
